Sustainable Manufacturing

At Display Pack, we believe that our responsibility extends beyond providing exceptional products. We firmly believe that embracing sustainable practices in every aspect of our business is the key to creating a positive impact on the world around us, enabling us to empower people and drive meaningful change.

From materials sourcing to product design and manufacturing, sustainability is an integral part of our business. We maintain a highly efficient manufacturing process by optimizing our operations for diversion, recovery, and recyclability while investing in innovative technologies that reduce waste, conserve energy, and lower emissions.

Responsible Manufacturing

Diversion

90% of our waste is diverted from the landfill

Quality

As an SQF Certified facility, quality, safety, and cleanliness are a top priority

Recycle

100% of our scrap material is recycled, reducing the amount of virgin material needed

Equipment

We can process PCR flake, in-house regrind & pelletized material, resulting in up to 100% PCR material

Circular Design

Our custom solutions are designed for recyclability by prioritizing sustainable materials and innovative designs that reduce waste and energy consumption.

Eliminate Excess Material

Remove unnecessary material with cut hinges, minimal flanges and reduced film thickness

Design for Recyclability

Follow APR Design Guide for approved additives, inks, and colors to protect the recyclability of the product

Recycled Content

Incorporate up to 100% PCR into our products, reducing the need for virgin material

Meat Trays

Crafted from 100% recyclable PET material, these meat trays offer superior rigidity and strength, making them a sustainable alternative to traditional foam trays. Designed with compatibility in mind, our PET trays seamlessly integrate with lidding films, ensuring a secure and attractive presentation for your products.

These trays feature strategically designed micro-cavities that effectively collect and hold excess liquids, reducing the need for soaker pads. Rigorously tested with overwrap equipment, our PET meat trays deliver premium performance, ensuring seamless integration with your existing packaging processes.

Custom Process

Didn't find what you're looking for? Our in-depth custom process results in an innovative packaging solution customized to fit your product.

Discovery

Your sales representative will work closely with you to capture your unique needs, including a walk-through of the product journey & desired consumer experience.

Design

Our dedicated design team collaborates with you to provide designs that meet the identified aesthetic & functional goals for your package.

Prototyping

Once the drawing is approved, we move to prototyping. You will receive a physical prototype to evaluate and approve form, fit, & function of the final product.

Tooling & Manufacturing

Once the prototype is approved, we craft custom tooling in our in-house tool & die shop within 6 - 8 weeks.

Continued Support

Our customer support team exists to meet your ongoing needs, including inventory & supply management, shipping, & more.
